

The Idaho Transportation Department's Office of Traffic and Highway Safety (OTHS) invites you to apply for upcoming highway safety grants. The Highway Safety Grant funds comprise our regular, ongoing funding programs and are available to all state, local governmental agencies, and non-profit organizations for local highway safety projects. Funding may be used for a variety of highway safety projects including emergency medical services (EMS).

EMS funding is limited to the purchase of extrication equipment only. All grants will require a minimum 25 percent agency match. To apply for Federal Fiscal Year 2007 funding, interested applicants should contact Karl T. Augustine, OTHS Grants and Contracts Officer, as soon as possible by telephone at (208)334-8106 or by e-mail at karl.augustine@itd.idaho.gov. **The EMS Highway Safety Grant application deadline is February 28, 2006.**
